

Stasia Stott Reynolds, M.D.
4940 Eastern Avenue
Baltimore, MD 21224

Stasia Stott Reynolds, MD

Date

CURRENT APPOINTMENT

2008-present *Clinical Associate*, Division of General Internal Medicine
Johns Hopkins Bayview Medical Center, Baltimore, Maryland

PROFESSIONAL EXPERIENCE

2007-2008 *Hospitalist*, Collaborative Inpatient Medical Service
Johns Hopkins Bayview Medical Center, Baltimore, Maryland

2005-2007 *Research Clinician/Instructor*, Division of General Internal Medicine
Johns Hopkins Medical Institution, Baltimore, Maryland

2003-2005 *Research Fellow*, Johns Hopkins Sibling Study/Center for Health Promotion
& Disease Prevention, Division of General Internal Medicine
Johns Hopkins Medical Institution, Baltimore, MD
Principle Investigator: Diane Becker, MPH, ScD
Worked with Dr. Becker and her team in the conduct of studies of premature coronary heart disease in high risk families. Specific projects included pilot work in brain natriuretic peptide levels in asymptomatic African American patients with hypertensive heart disease; dietary portion size and its association with overweight/obesity; incident diabetes in asymptomatic siblings; and a study of coronary calcium.

1987-1989 *Account Executive* **Abramson Associates, Inc.**, Washington, DC
Managed development of all advertising/marketing projects for agency clients including retail, entertainment, real estate, and healthcare accounts. Wrote marketing plans, interfaced with clients, conducted competitive research and analysis, and made new business presentations.

1989-2001 *Manager of Marketing and Development* **Very Special Arts**, Washington, DC
Planned and implemented all marketing and promotional activities for international non-profit organization devoted to providing opportunities in the arts to people with disabilities. Wrote proposals, designed promotional materials, managed sponsorships, sought new funding sources, and provided technical assistance to 50 field sites. Also managed staff and department budget of \$350,000.
