

CURRICULUM VITAE

CURRENT APPOINTMENTS

Assistant Professor
Director of Endovascular Surgery
Johns Hopkins Bayview Medical Center

OFFICE ADDRESS

Johns Hopkins University
Bayview Medical Center
Department of Vascular Surgery
4940 Eastern Ave, Building A/5, Suite 547
Baltimore, MD 21224
Tel 410-550-0415
Fax 410-550-1274
E-mail mbmalas@jhmi.edu

EDUCATION

1987-1992 DOCTOR IN MEDICINE (M.D.)
-Damascus University Faculty of Medicine, Damascus, Syria

1991-1992 *SENIOR CLERKSHIPS*

Baylor College of Medicine:

- Clinical Pediatrics Endocrinology and Metabolism
- Clinical Clerkship in Plastic Surgery
- Surgery on **Dr. DeBakey's** cardiovascular service
- Clinical Cardiology

The University of Texas Medical School at Houston:

- General Surgery

RESEARCH EXPERIENCE

1993-1994 University of Texas Medical School, Houston, Texas.
1994-1995 St. Paul Medical Center & Mary Kay Ash Research Center,
Dallas, Texas;
University of Texas Southwestern Medical School, Dallas,
Texas.
2000-2001 Research Fellow in Cardiothoracic Surgery and
Transplantation, University of Southern California,
Children Hospital of Los Angeles, Department of
Cardiothoracic Surgery

RESIDENCY TRAINING

1995-1997: General Surgery
The University of North Dakota School of Medicine
1998-2003: General Surgery
The University of Southern California School of Medicine

January- June 2002:

United Kingdom Rotation, Derriford Hospital, Plymouth, England

FELLOWSHIP

July 2003 – June 2005:

Albert Einstein College of Medicine, Montefiore Medical Center, Vascular and Endovascular Surgery

CURRENT TRIALS:

Principal Investigator

- **CREST: Principle investigator**, this is a multi-center prospective, randomized trial comparing the gold standard carotid endarterectomy vs. the minimally invasive carotid stenting under cerebral protection to treat carotid artery stenosis and stroke prevention. The study is sponsored by the National institute of Health (NIH) and National Institute of Neurological Disorders and Stroke (NINDS).
- **CAPTURE II: Principle investigator**, this is a prospective, multi-center, post market trial of the FDA approved carotid devices RX Acculink® and RX Accunet™ (Guidant system). To provide additional information that the RX ACCULINK™ and RX ACCUNET™ can be used safely by a wide range of physicians under commercial use conditions and to identify rare or unanticipated device-related events.
- **CHOICE: Principle investigator**, This is a prospective, multi-center, descriptive, post-market study of two carotid artery stent systems and two embolic protection systems RX Acculink®, RX Accunet™ and Xact®, Emboshield® BareWire™ among high surgical risk patients with carotid artery disease.
- **SAPPHIRE WW: Principle investigator**. This is a multi-center, prospective, observational study of 30-day MAE rate of stenting (any death, stroke or any MI) with distal protection in the treatment of obstructive carotid artery disease in high-surgical risk patients with atherosclerotic disease of the carotid artery. The devices utilized are the PRECISE® and ANGIOGUARD™ XP (Cordis system).
- **ROBUST: Principle investigator**. This is a prospective, randomized study comparing open bypass vs. angioplasty and stenting of the lower extremity in TASC II B and C lesions of the superficial femoral artery. The study aim to identify the patency and limb salvage rate, quality of life and walking distance improvement as well as the

morbidities associated with each treatment modality.

- **PRICELESS: Principle investigator**, This multi-center, prospective trial uses EndoSure® by CardioMEMS Inc. an FDA approved wireless device for measuring of intrasac pressure during endovascular abdominal aortic aneurysm (AAA) repair and during endovascular thoracic aneurysm repair (TAA). The purpose of the study is to identify the efficacy of this system in predicting endoleak and aneurysm rupture in comparison to the traditional Contrast Computer Tomography and Arterial Duplex Ultrasound.
- **ZILVER PTX: Principle investigator**, this is a phase-2, prospective, randomized study to evaluate the patency rate of the drug eluting Zilver PTX™ stent vs. bare metal Zilver stent (Cook Inc.) in the above-the-knee femoropopliteal artery.
- **PYTHAGORAS: Principle investigator**, trial is intended to demonstrate the safety and efficacy of the Aorfix endovascular stent graft (Aorfix™) by Lombard medical in the treatment of abdominal aortic, aorto-iliac and common iliac aneurysms with necks of up to 90 degrees.
- **JOHNS HOPKINS VASCULAR REGISTRY: Principle investigator**, this is a registry of vascular patients at The Johns Hopkins Institutions. This registry will provide useful clinical and non-clinical data for future studies.

PRESENTATIONS:

- North Texas Chapter, American College of Surgeons: "Current Trends in Morbidity and Mortality of the Whipple Procedure", Dallas, TX - February 1996.
- Southwestern Surgical Congress: Invitation and Posters "Current Trends in Morbidity and Mortality of the Whipple Procedure" - Scottsdale, AZ, April 1996.
- Northern Plains Vascular Surgical Society: "Blunt Aortic Trauma", Denver, CO, January 1997.
- Society for Clinical Vascular Surgery, 32nd Annual Symposium on Vascular Surgery "Absence of Proximal Neck Dilatation Following Endovascular Aneurysm Repair With Balloon Expandable Stent Based Endograft" - Rancho Mirage, CA, March 2004.

- Twentieth Annual Vascular Fellows Abstract Presentation: “Balloon expandable stent based endograft don’t migrates” - New York, NY, April 2004.
- Thirty Second Annual Veith Symposium “Proximal Neck Dilatation Does Not Occur After EVAR with A Balloon Expandable Endograft” New York, NY November 2005.
- Johns Hopkins Riverside Medical Center Conference “When is Endovascular surgery offers a valid alternative to the traditional open repair?” Baltimore, MD, October 2005.
- Johns Hopkins Geriatrics Grand Rounds “The endovascular options for geriatric patients” Johns Hopkins BMC, Baltimore, MD, Jan 2006.
- Johns Hopkins Nephrology Grand round, “Endovascular management of renal artery disease”, Johns Hopkins BMC, Baltimore, MD, March 2006.
- Johns Hopkins Dundalk Medical Center Conference “Endovascular options for complicated vascular problems” Dundalk, MD, April 2006.
- Johns Hopkins White Marsh Conference “Endovascular options for complicated vascular problems” White Marsh, MD, May 2006.
- Johns Hopkins Neurology Grand Rounds, “Carotid disease: Proven techniques and future technologies” Baltimore, MD, June 2006.
- Mid-Atlantic Cardiovascular Symposium, “Carotid Disease: Proven Techniques and Future Technologies” Baltimore, MD, June 8, 2006.
- Johns Hopkins Odenton Conference “Will Endovascular treatment replace the traditional open vascular repair”, Odenton, MD, June 2006.
- Middlesex Medical Center Conference “Endovascular options for complicated vascular problems”, Middlesex, MD, August 2006.
- Johns Hopkins Internal Medicine Resident lecture “Peripheral Arterial Disease Diagnosis and Management” Baltimore, MD October 2006.
- Johns Hopkins Department of Medicine Grand Rounds “Minimal invasive approach to treat complicated cardiovascular patients”, October 24, 2006, Baltimore, MD.

- Chambersburg Hospital Grand Round “Quality improvement for carotid artery stenting” Chambersburg, PA February 2007
- Johns Hopkins Cardiology Rounds. “Does the minimally invasive Endovascular approach allow us to operate on patients with prohibitive coronary and pulmonary risks?” Baltimore MD August 2007
- New Cardiovascular Horizons and Management of the Diabetic Foot and Wound Healing 2007. Unique Endovascular Approach to Treat Common Iliac Artery Aneurysm with Contralateral Aorto-uni-iliac Endograft and a Femoral Bypass” New Orleans, LA, September 5 2007
- New Cardiovascular Horizons and Management of the Diabetic Foot and Wound Healing 2007. "Using Ethiodol To Treat Thoracic Duct Injury In A Patient With High-Output Chylous Leak After Aortic Debranching In Preparation For Endovascular Repair Of Aortic Arch Aneurysm” New Orleans, LA, September 6 2007
- New Cardiovascular Horizons and Management of the Diabetic Foot and Wound Healing 2007. " Paraplegia Following Endovascular AAA Repair EVAR” New Orleans, LA, September 8 2007
- Johns Hopkins Bayview Nursing Seminar “Nursing Management of the Vascular & Endovascular Patients”, Baltimore, MD, October 3, 2007
- American College of Surgery 93ed Annual Clinical Congress. “ Will Carotid artery stenting replace carotid endarterectomy?”, New Orleans, LA, October 10, 2007
- American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR) 22nd Annual Meeting. “Peripheral Arterial Disease: Advances in Diagnosis and Treatment”, Salt Lake City, UT, October 19, 2007.
- Thirty Fourth Annual Veith Symposium “External Iliac Artery to Superior Mesenteric Artery Bypass to Prevent Bowel Ischemia Prior to Endovascular Aneurysm Repair” New York, NY, November 16, 2007
- Pri-Med Med-Atlantic Current Clinical Issues in Primary Care “Peripheral Arterial Disease Diagnosis, Current Treatment Options and Appropriate Follow-Up”, Baltimore, MD, December 6, 2007
- Johns Hopkins Bayview Research Symposium “ Update on CREST: Carotid Revascularization Endarterectomy vs. Stenting Trial , results of the lead in phase”, Baltimore, MD, December 7, 2007

- Johns Hopkins White Marsh Conference “Stroke Prevention Open and Endovascular Treatment” White Marsh, MD, December 14, 2007
- Arab Health Congress, Vascular Interventional Therapy “Carotid Artery Therapy, Clinical Trials Update” Dubai, Emirates, January 29, 2008
- Arab Health Congress, Vascular Interventional Therapy “ Aortic Interventions, Expanding the Anatomic Inclusion Criteria for EVAR ” Dubai, Emirates, January 29, 2008
- Arab Health Congress, Vascular Interventional Therapy “Long Segment SFA Occlusions: Tips and Techniques” Dubai, Emirates, January 29, 2008
- Acute Neuroscience Seminars Johns Hopkins Hospital “Is Carotid Stenting Going To Replace Carotid Endarterectomy?” Baltimore, MD February 26, 2008

SESSION MODERATION:

- Arab Health Congress, Vascular Interventional Therapy, Vascular Potpourri, Moderator: Dr. Mahmoud B. Malas:
 1. Renal Artery Interventions: Indications and Techniques
 2. Endovascular Management of the Failing AV Fistula
 3. Current Management of Varicose VeinsDubai, Emirates, January 29, 2008

Endovascular Training:

- Endovascular Products and Techniques, Minimally Invasive Surgical Training Center Johns Hopkins Hospital April 29-30, 2006: **Director of the Course.**

This training course (28 attendants) involved didactic, Simulator, and animal lab sessions. Topics covered: Introduction to Endovascular techniques, Radiation Safety and Contrast Agents, Arteriovenous Fistula Management, Endovascular Management of Aorto-Iliac Occlusive Disease, Endovascular Management of SFA Disease, Covered Stents, Vena Cava Filters, and Renal Artery Stenting.
- Endovascular Products and Techniques, Minimally Invasive Surgical Training Center Johns Hopkins Hospital March 16-18, 2007: **Director of the Course**

This training course (35 attendants) involved didactic and animal lab sessions. Topics covered: Introduction to Endovascular Techniques,

Radiation Safety and Contrast Agents, Arteriovenous Fistula Management, Endovascular Management of Aorto-Iliac Occlusive Disease, Endovascular Management of SFA Disease, Covered Stents, Vena Cava Filters, Renal Artery Stenting, Carotid Artery Stenting and Endovascular Management of Abdominal Aortic Aneurysm.

BOOK CHAPTERS:

"Surgical Breast Diseases" **Mahmoud Malas, M.D** , Thesis, Damascus University, July 1992

"Endovascular Treatment of Abdominal and Thoracic Aneurysms" Takao Ohki, **Mahmoud Malas** , Peripheral Vascular Intervention 2005

"Endovascular Treatment of Abdominal Aortic Aneurysm" John Cameron, Current surgical therapy 9th Edition (In-press).

" Minimally Invasive Endovascular Surgery ". Interventional Principles of Laproscopic Surgery (In press)

LICENSURE

- Medical Board of California, No. A69875, September 24, 1999
- Royal College of Medicine, United Kingdom, Specialist Registrar, No. 6033429, October 2001
- University of the State of New York, No. 229776, August 28 2003
- Maryland Board of Physician, No. D63490, July 19, 2005

CERTIFICATIONS

- Educational Commission for Foreign Medical Graduates, July 1994
- Advanced Cardiac Life Support, June 1995
- Advanced Cardiac Life Support, June 2000
- Advanced Trauma Life Support, February 1996
- Advanced Trauma Life Support, November 2000
- Drug Enforcement Administration, March 2000
- Albert Einstein College of Medicine Fluoroscopy Certified, Nov.2003
- The American Board of Surgery, General Surgery Certified, May 2004
- The American Board of Surgery, Vascular Surgery Certified, May 2007

MEMBERSHIPS

- American Medical Association 1997
- American College of Surgeons Candidate Group 1996
- American College of Surgeons Diplomat Group 2003
- Society of Graduate Surgeons of Los Angeles County/ University of Southern California Medical Center 2003

- International Society of Vascular Surgery 2004
- European Society of Vascular Surgery 2004
- Society of Vascular Surgery Candidate group 2004
- Peripheral Vascular Surgery Society 2005

HONORS

- Baylor College of Medicine Plastic Surgery Clerkship
- University of Texas Houston Medical School General Surgery Externship

AWARDS

- **Outstanding Teacher as a House Officer**
University of Southern California, September 1, 2000
- **Physician's Recognition Award**
American Medical Association, October 1, 2001
- **Best Poster Presentation Award**
The Clinical Society of Vascular Surgery march 2004
