

DEMOGRAPHIC INFORMATION

Current Appointments:

John Hopkins Hospital

Johns Hopkins Bayview Medical Center

Education and Training:

Washington University in St. Louis, B.A., 1981

Indiana University School of Medicine, M.D., 1985

Medical College of Wisconsin, Surgical internship, 1985-1986

Medical College of Wisconsin, Surgical residency, 1986-1990

Nuffield Department of Surgery, Oxford, England

Visiting registrar, July-Dec., 1988

Medical College of Wisconsin, Vascular Fellowship, 1990-1992

Southern Illinois University School of Medicine

Endovascular Fellowship, April-June, 1999

Professional Experience:

Western Pennsylvania Hospital, teaching faculty, 1992-2005

UPMC, St. Margaret Hospital, teaching faculty, 1993-2005

Johns Hopkins Hospital, teaching faculty, 2006

Johns Hopkins Bayview Medical Center, teaching faculty, 2006

RESEARCH ACTIVITIES

Peer-reviewed original research publications:

1. Seabrook GR, Mewissen MW, Schmitt DD, **Reifsnyder T**, Bandyk DF, Lipchik EO, Towne JB. Percutaneous intra-arterial thrombolysis in the treatment of thrombosis of lower extremity arterial reconstruction. *J. Vasc. Surg.* 1991;13:646-651.
2. **Reifsnyder T**, Bandyk DF, Seabrook GR, Kinney EV, Towne JB. Wound complications of the in-situ saphenous vein bypass technique. *J. Vasc. Surg.* 1992;15:843-850.
3. **Reifsnyder T**, Bandyk DF, Lanza D, Seabrook GR, Towne JB. Stress-thallium imaging to stratify cardiac risk in vascular surgery patients. *J. Surg. Res.* 1992;52:147-151.
4. Mewissen MW, Kinney EV, Bandyk DF, **Reifsnyder T**, Seabrook GR, Towne JB, Lipchik EO. The role of duplex scanning versus angiography predicting outcome after balloon angioplasty in the femoropopliteal artery. *J. Vasc. Surg.* 1992;15:860-866.
5. **Reifsnyder T**, Towne JB, Seabrook GR, Blair JF, Bandyk DF. Biologic characteristics of long term autogenous vein grafts: a dynamic evolution. *J. Vasc. Surg.* 1993;17:207-217.
6. Bandyk DF, Kinney EV, **Reifsnyder T**, Kelly H, Towne JB. Treatment of bacteria-biofilm graft infection by in-situ replacement in normal and immunodeficient states. *J. Vasc. Surg.* 1993;18:398-406.
7. **Reifsnyder T**, Grossman JP, Leers SA. Limb loss after lower extremity bypass. *Am. J. Surg.* 1997;173:149-151.

8. Leers SA, **Reifsnnyder T**, Delmonte R, Caron M. Realistic expectations for pedal bypass grafts in patients with end-stage renal disease. J. Vasc. Surg. 1998;28:976-983.
9. Papasavas P, **Reifsnnyder T**, Leers SA. Prediction of arteriovenous access steal syndrome utilizing digital pressure measurements. Vasc. Endovasc. Surg. 2003;37:179-184.

EDUCATIONAL ACTIVITIES

Clinical instruction:

Western Pennsylvania Hospital, teaching faculty, general surgery residency, 1992- present

UPMC, St. Margaret Hospital, teaching faculty, UPMC general surgery residency, 1993-present

Johns Hopkins Hospital, teaching faculty, general surgery residency, 2006

Johns Hopkins Bayview Medical Center, teaching faculty, general surgery residency, 2006

CME instruction:

Patterns of atherosclerosis.

Surgical Grand Rounds, Western Pennsylvania Hospital
Pittsburgh, Pennsylvania April 1995.

Pathophysiology and treatment of peripheral arterial disease,
pathophysiology and treatment of cerebrovascular disease, and duplex
evaluation of peripheral arterial disease.

Ninth Annual Vascular Review and Update

Pittsburgh, Pennsylvania September 1995.

Update on the treatment of cerebrovascular disease.

23rd Anniversary Refresher Course in Family Practice

Pittsburgh, Pennsylvania June 1996.

Pathophysiology and treatment of venous disease, pathophysiology and treatment of peripheral arterial disease, and pathophysiology and treatment of cerebrovascular disease.

Tenth Annual Vascular Review and Update

Pittsburgh, Pennsylvania September 1996.

Limb loss after lower extremity bypass.

Surgical Grand Rounds, Western Pennsylvania Hospital

Pittsburgh, Pennsylvania December 1996.

A case of atheroembolism: a novel approach.

Pittsburgh Surgical Society

Pittsburgh, Pennsylvania January 1997.

Limb loss after lower extremity bypass.

Pittsburgh Surgical Society

Pittsburgh, Pennsylvania March 1997.

Lower extremity bypass for the new millennium.

Current Topics in Arterial and Venous Occlusive Disease

Symposium

Washington, Pennsylvania August 1997.

Peri-operative management of the compromised patient.

Podiatry Grand Rounds

Pittsburgh, Pennsylvania November 1997.

Risk factors for and patterns of tibial occlusive disease.

First Annual Interdisciplinary Approach to the Diabetic Foot

Symposium

Pittsburgh, Pennsylvania December 1997.

Update on pedal bypass, timing of podiatric procedures after leg bypass,
and hindfoot amputations.

National Meeting of the American College of Foot and Ankle

Surgeons

Orlando, Florida February 1998.

Intra-operative duplex imaging.

Society of Greater Pittsburgh Vascular Technologists Spring

Symposium

Pittsburgh, Pennsylvania April 1998.

Intra-operative duplex imaging.

Society of Diagnostic Medical Sonographers Vascular Specialty

Symposium

Pittsburgh, Pennsylvania June 1998.

Staphylococcal aortitis: mycotic aneurysm precursor.

Surgical Grand Rounds, Western Pennsylvania Hospital

Pittsburgh, Pennsylvania October 1998.

Staphylococcal aortitis: a singular complication of iliac artery angioplasty.

Pittsburgh Surgical Society

Pittsburgh, Pennsylvania January 1999.

What to do about a carotid bruit?

Family Medicine Grand Rounds, Western Pennsylvania Hospital

Pittsburgh, Pennsylvania October 1999.

Non-invasive evaluation of lower extremity occlusive disease.

Advances in Diagnosis and Treatment of Lower Extremity Arterial Disease Symposium

Sewickley, Pennsylvania October 1999.

Arteriovenous fistulas.

Society of Greater Pittsburgh Vascular Technologists

Pittsburgh, Pennsylvania November 1999.

An unusual case of multiple lower extremity aneurysms.

Pittsburgh Surgical Society

Pittsburgh, Pennsylvania January 2000.

Abdominal aortic aneurysms, diagnosis and treatment in 2000.

Grand Rounds, UPMC St. Margaret

Pittsburgh, Pennsylvania May 2000.

The cost effective evaluation of the vascular patient.

Grand Rounds, UPMC St. Margaret

Pittsburgh, Pennsylvania February 2003.

The arterial pressure gradient of arterio-venous access steal syndrome:
treatment implications.

32nd Annual Symposium on Vascular Surgery

Rancho Mirage, California March 2004.

Peripheral vascular disease: identify and treat.

31st Refresher Course in Family Practice

Pittsburgh, Pennsylvania June 2004.

Carotid endarterectomy: still the gold standard?

Third Annual Pittsburgh Vascular Symposium

Pittsburgh, Pennsylvania September 2004.

CLINICAL ACTIVITIES

Certification:

License: Pennsylvania: 1992-2006

Board Certification:

General Surgery 1991-2011

Vascular Surgery 1993-2014

Registered Vascular Technologist 1994-2006

Service Responsibilities:

Full time vascular surgery attending

ORGANIZATIONAL ACTIVITIES

Institutional Administrative Appointments:

Bylaws committee, Western Pennsylvania Hospital, 2004-2005

Chief, Division of Vascular Surgery, Johns Hopkins Bayview
Medical Center, Baltimore, MD, 2006

Professional Societies:

Member, American Registry for Diagnostic Medical Sonography

Member, Pennsylvania Medical Society

Member, Allegheny County Medical Society

Member, Secretary/Treasurer 1997-2001, President 2002-2003,

Allegheny County Vascular Society

Fellow, American College of Surgeons

Member, Society for Vascular Surgery

Member, Society for Clinical Vascular Surgery

Advisory Committees:

Consultant for Vascular Surgery Examination Item Writers Committee

The American Board of Surgery, 2003-2005

Oral examiner for Vascular Surgery Certifying exam, 2006

RECOGNITION

Awards and Honors:

Phi Beta Kappa, 1981

Washington University in St. Louis

St. Louis, Missouri

Magna Cum Laude, 1981

Washington University in St. Louis

St. Louis, Missouri

Resident Paper Award, 1991

VA Surgeons National Meeting

Milwaukee, Wisconsin

Resident Paper Award, 1991

Wisconsin Surgical Society

Madison, Wisconsin

Educator of the year award, 1996

Western Pennsylvania Hospital

Pittsburgh, Pennsylvania

Top 100 Doctors 2003 for Peripheral Vascular Surgery

Money Magazine
